Something to Read.

Mr. Jewell keeps constantly on hand and for sale the following literary papers and magazines, which can be had at retail prices: All of Harper's and Frank Leslie's publications; Last Sensation; Masonic Mirror; Ledger; New York Weekly; Saturday Night; Atlantic Monthly; Demorest's Magazine; Ladies Repository; Pliny Phelown, as well as a great many others which can be had by calling at the post office, one door south Price House.

We have received the first number of the Pleasant Hill Leader.

published at Pleasant Hill, Cass county, Mo., by CHARLES W. BOWMAN, late of this place. The Leader is as neat as a new pin, and makes its debut with a short but very spicy salutatory gotten up in the latest mode.

In our stroll around town a few days ago, we visited the fine nursery of Mr. Luckhardt, and was indeed astonished to find such an extensive stock and complete variety of all kinds of fruit trees, plants, shrubbery, flowers, vines, &c.

Mr. L. informed us that he had over one hundred thousand apple-tree grafts out, which would be ready for sale next year.

Paying the Debt.

From Mr. Kaucher we learn that the tax assessed for the month of April in the seventh division of this District, composed of Andrew, Holt and Atchison counties, amounted to \$940.06, which is a very heavy increase over the corresponding month last year. It is expected that the month of May will furnish a still larger amount. The seventh division of this District is not behind in the big job of paying off the war debt.

For anything in the line of fancy notions go to S. & H. O. Watson's, where you will find a complete assortment—at the old post office stand.

IS IT TRUE—ARE THESE THE FACTS?

We are informed that during the last session of the county court, a little daughter of a widow woman, by the name of Dorcas Adams, then residing a few miles west of this place, informed the court that her mother was in want—that she had nothing to eat, &c., &c., and also that she was insane. The court adjourned, but failed, for reasons unknown, to render the desired assistance. A court was called to investigate the charges of insanity, and that court had deliberated upon the case, the Grand Judge of quick and dead had taken the case and had summoned her into his presence.

We are informed that her two little girls live here in town on account of her not being able to provide for them, and that she was alone during her sickness. Night after night her lips parched with fever, her body racked with pain, and no hand to administer even a cool cup of water.

This was the condition that Mr. Alvin Wood, a neighbor, found this poor, unfortunate, neglected, starving, dying creature in, when he kindly took her to his home, on last Friday, and where she was relieved from her sufferings by death, no doubt welcome, on the following morning.

Are these the facts? Is it true that in this country of boasted civilization and in this land of plenty, that this woman was allowed to die from starvation, want and neglect? A burning shame! We hope it is not true.

WHIFFS AND WHIMS.

—Michael Wyant, who was recently put in jail for failure to give bond for his appearance at Circuit Court to answer the charge of larceny, was, on last Friday, taken before Judge Lehmer on a writ of habeas corpus and released.

—Mr. F. Seeman is improving his property in the way of a new addition to his house.

—There is a greater demand for town lots than was ever before known, and very few more for sale, hence the necessity of Pinkston's new addition. Let it come.

—Our new Street Commissioner is improving the condition of the streets very much.

—The Oregon Cornet Band is improving rapidly, astonishing the citizens of the place with "sure-enough" music occasionally. The fourth of July will test their skill.

—The game of Croquet is still the latest and best amusement to kill time, and is indulged in daily by young and old. Even the ladies are becoming interested.

—A new stone pavement has been laid in front of Potter & Hostetter's confectionary store.

The travel to and from the city by rail and water is immense. Long trains of coaches and steamboats black with people is the rule just now.—Leavenworth Call.

We don't care much about that class of immigration just now. Prefer the white all the time.—St. Joe Gazette.

The editor of the Gazette appears to have a wonderful aversion for the word black. No difference what connection the word is used in, its appearance has the same effect in arousing his passions.

Don't Neglect It!

The time was when men could neglect life insurance and not be deemed culpable by his fellow men; but the time is now at hand that almost all men understand the principles of life insurance, and are willing to admit the propriety of taking a policy of assurance; and if a man dies without having a policy of assurance placing his family above want or the cold charities of the world, the public will hold him to be morally culpable. A policy of life insurance is within the reach of all healthy men.

BEN. F. CHENEY is agent for a No. 1 Company. Office next door to Sixty-sixth office. Those wishing to have a policy of assurance would do well to call on him.

To the Rev. Henry Ward Beecher—Dear Sir: You ask me what Sewing Machine is best. Well, now, Mr. B., you seem to think I ought to understand everything, don't you? and just because I am a woman. Well, if the Machine can sew the finest, making 130 stitches to the inch, and at the same time the very heaviest, and do it perfectly neat, and never get the stitches into it, I must say the Empire is best.

THE "RIVERSIDE."

This favorite Magazine for the Young announces the following as among the noticeable features of the new volume:

A Serial, "White and Red," of thrilling adventure and humorous scenes amongst our Northwest Indians. By Mrs. Weeks, author of "Annie." 3. Stories from Spenser and Caucher. By the author of the popular "Stories from Shakespeare." 4. Papers on invention and Art: how statues are made, how telegraphs are worked, how a boy can make photographs, etc., etc. 5. Hunting in South Africa; Streets of Constantinople; American Cities—New Orleans, Baltimore, Philadelphia, New York, Boston, etc., etc. 6. Life on the Prairie, and Scenes from American History. 7. Scudder, Porter Crayon, Victor Moustache, Author of "Susy's Six Birthdays," Author of "Seven Little Sisters," etc. A full-page Frontispiece and a number of large illustrations in every number. Peter's Musical Monthly for May is at hand, and well sustains the proud title it bears—"The Prince of Musical Monthlies," for if there is any one periodical adapted to suit the wants of all lovers of Music, professional or amateur, it is certainly this Magazine. The May number comes to us overflowing with Choice New Music. There are four New Songs, by Hays, Thomas, Danke, and Eaton; Three Piano Pieces; and we notice a new feature in the shape of six pages of Quartet Music, which will prove a valuable addition; also, a dozen or more pages of Biographical Sketches and Reviews of new Music, that will be of interest to all Musicians. Being largely engaged in the publication of Sheet Music, Mr. Peters has always a fresh stock from which to make his selections, and seems nothing loth to draw from his resources to any required extent to make the Monthly what it should be. Besides the Musical Sketches and Reviews of new Music, each number contains no less than thirty full-sized pages of New Music by the best writers in the country.

When music is furnished so cheap, what musician can afford to be without such a publication? \$4 worth of music cannot be picked up every day for 30c., and we feel justified in saying that a subscription at \$3 will give as much music as you can buy for \$50. This valuable Magazine is published by J. L. PETERS, 198 Broadway, New York, (P. O. Box 5429.)

"Tis true, 'tis pity, 'tis true," that that unkindling will pass by unheeded the warning symptoms of disease, and neglect the remedies to restore health, until disease has so far advanced that it is often impossible to obtain relief. We have been shown the formula of Judson's Mountain Herb Pills, and believe them to be the best and simplest of medicines for Bilious disorders, Liver Complaints, Female Irregularities, &c. They are prepared with great caution, and will save many a doctor's bill if used in time. As an universal family medicine, they are unsurpassed. Give the Mountain Herb Pills a fair trial, and we warrant you will never be without them. Sold by all dealers. (41-2m)

The Reasons Why.

Some of the reasons why Dr. Roback's Blood Pills should be kept in every family are:

Because they can be employed in all cases where a "family physic" is required, and are perfectly safe in their administration at all times.

Because they act promptly in removing all obstructions from the bowels, affording immediate relief in cholera or other pains.

Because they are a liver pill, acting directly on the spleen and liver, removing the bile and assisting digestion.

Because in taking them they do not interfere with the regular avocation of the patient, or leave the bowels constipated.

Because they are made both with and without sugar coating, thus adapting them to the use of every body.

Because they being purely vegetable are perfectly harmless, and can be taken by children or adults at all ages or periods of life.

Because they are especially adapted to the use of persons of sedentary habits, and to the use of females about to become mothers.

Because they are what their name indicates, a Blood pill, searching out diseases of the blood, leaving the system in the full vigor of health.

Because they are perfectly gentle in their operation, causing no griping, and are a safer, surer, and every way better purgative pill than has ever before been offered to the public.

Because when followed in their use by Roback's Stomach Bitters, they cure the very worst cases of dyspepsia.

Because they can be purchased at any drug store at the extremely low price of twenty-five cents per box. D. W. REID, Agent.
